Experience

ZOEE

Web Development Intern

Oct 2023 - Present

- Consistently enhanced UX/UI, using TypeScript and TailwindCSS to align with user requirements.
- Completed over 50 tasks in accordance with UX/UI principles and functional requirements.
- Engaged in agile development methodology, consistently delivering features and improvements in iterative sprints to ensure punctual delivery and high customer satisfaction.
- Crafted a versatile web layout, optimizing it for seamless functionality on both mobile devices and desktop, enhancing user accessibility and engagement across diverse screen sizes.

Northwell Health

Certified Athletic Trainer

Sept 2018 - Jun 2022

- Directed the comprehensive management and treatment of athletic injuries for over 150 high school Student-Athletes, ensuring their well-being and safety.
- Meticulously maintained and organized medical records and documentation for a diverse team of 200 athletes, proficiently utilizing an Electronic Medical Record (EMR) system.
- Collaborated seamlessly with coaching staff and the Athletic Director to optimize the emergency action plan, thereby ensuring the safety and security of a substantial body of athletes during critical and urgent situations.
- Conducted comprehensive educational programs, enlightening more than 100 athletes on injury prevention techniques, hydration strategies, and nutritional practices to enhance their overall performance and well-being.
- Effectively managed an annual inventory and budget of \$2,500, fostering vendor relations, implementing cost-effective strategies, and optimizing resource allocation, resulting in a 20% reduction in operational costs.

Hofstra University

Certified Athletic Trainer

Dec 2019 - Jan 2021

- Collaborated closely with the Physical Therapist to ensure the strict compliance of more than 50 Student-Athletes with their prescribed treatment plans.
- Diligently and accurately documented the progress of patients, maintaining records for over 50 Student-Athletes.
- Assisted in the setup and preparation of specialized equipment for more than 70 rehabilitation sessions.

Education

Stony Brook University

Bachelor of Science Athletic Training

Stony Brook, NY

Aug 2013 - Jun 2018

Learn Academy

Web Development Bootcamp

San Diego, CA

Jul 2023 - Oct 2023

- Completed 480+ hours of hands-on coding experience on frontend and backend development.
- Developed multiple full stack applications by implementing external libraries and test-driven methodologies.
